Open Consultation Service

Additional centre visits other than the Key Age and Stage (KAS) assessments.

No appointment required

The Open Consultation sessions offer parents an opportunity to visit a Maternal and Child Health nurse in between their child's scheduled KAS assessments.

This service does not replace the KAS assessments but offers shorter 15 minute consultations for the purpose of follow up and review.

This service is CLOSED on public holidays and on-site interpreters are not available.

For updates on unanticipated service interruptions, scan the QR code or check our website and Facebook.
