## Calendar of Emergency Relief Support Services operating during COVID-19

This calendar is a guide of Emergency Relief services that are continuing to operate in the City of Whittlesea to provide support to community during COVID-19. Support available varies from service to service with a mixture of food support, financial support, bill support and vouchers that can be used at supermarkets such as Coles and Woolworths.

Due to the COVID-19 pandemic Emergency Relief services have adapted the way they are delivering their support to community such as via phone appointments, home delivery, drive through and some face to face support.

Please note – Residents requesting assistance from these services should not expect the maximum amount of assistance will always be provided. There is limited government funding for Emergency Relief, and demand often exceeds supply. These services aim to provide community with as much assistance as they can depending on available resources.
