### **Claim Information**

Council is not liable for loss or damage unless it has acted negligently or in breach of some other aspect of the law. It is the claimant's responsibility to show that Council has acted negligently.

If you suffer personal injury or property damage due to Council's negligence you may be entitled to compensation. Please note your claim is against Council and not an insurance company.

There will be circumstances where your loss or damage will be covered by your own insurance, eg car / buildings / contents. A claim on your insurance policy is likely to be resolved more quickly than a claim against Council because you will not need to establish negligence. Your insurance may also provide benefits such as "new for old" which may not form part of your claim against Council.

Please note it is very unlikely Council will be liable to pay compensation in the following circumstances:

- you are not able to establish the cause of the damage
- the damage was caused by or resulting from a weather event
- when Council has complied with it's Road Management Plan which sets out the standards by which it maintains it's roads and footpaths (see the City of Whittlesea website for further information)
- incidents on roads and footpaths which are not on Council's Road Register, eg arterial roads and private access roads (see the City of Whittlesea website for more information)

- damage caused by a contractor acting on behalf of Council, eg roadworks, parks maintenance. Such claims will be referred to the relevant contractor to respond directly
